

## **CREATING SAFER AND SUSTAINABLE COMMUNITIES:**

### ***INTRODUCTION TO CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN***

Crime Prevention Through Environmental Design (CPTED) is the theory that, “the proper design and effective use of the built environment can lead to a reduction in the fear and incidence of crime and an improvement in the quality of life.”

This course provides interdisciplinary community teams or individuals involved in community crime prevention programs with information on how to develop and implement CPTED strategies to enhance community safety and security creating safer sustainable communities.
