

Project Designer level position:

Wolf | Josey Landscape Architects, located in downtown Charlottesville, VA, is looking for a Project Designer to manage and work with us on urban park, campus master planning, agricultural, botanical garden and residential landscapes. Our ideal candidate will share our strong commitment to design, conservation and the environment and will embrace the unique opportunities for professional development offered by a small, but highly experienced firm.

What are we looking for?*Basics:*

- 3 to 5 years of experience in a landscape architecture firm
- A master's degree in Landscape Architecture preferred
- Highly proficient with AutoCad
- Proficient with Adobe Creative Suite, Rhino and MS Office

Additional skills:

- Strong verbal and written communication skills
- Experience working on construction drawings sets
- Strong graphic visualization abilities
- Knowledge and/or interest in regional plants a plus

About Wolf | Josey Landscape Architects:

Located in downtown Charlottesville, Virginia, Wolf | Josey was founded by Mary Wolf and Paul Josey. Their 40 years of combined experience includes a broad range of projects from public park and college campuses to botanical gardens and private residences. With the belief that all landscapes are important contributors to a community and the environment, we bring our values of design and ecological responsibility to every project regardless of scale. Within our website you will find examples of urban, institutional, botanical, and agricultural projects, each approached with this sensibility in mind.
