

# WOLF JOSEY

landscape architects

## **Project Designer level position opening:**

Wolf Josey Landscape Architects is seeking a talented Project Designer with 1 to 4 years of work experience to join our team and help create well-crafted urban, campus, garden and conservation landscapes.

Applicants should have a working knowledge of AutoCAD, Adobe Creative Suite, Rhino and MS Office Suite. Experience with construction drawing experience is strongly desired. The ability to think in three dimensions, draw by hand and sketch freely as well as regional plant knowledge is advantageous. Candidates must hold a MLA or BLA.

## **About the positions:**

Within a small office environment in a collaborate environment, we offer opportunities for growth and development on a wide range of interesting projects. Our benefits include full healthcare coverage, retirement savings plan and downtown parking. Our central location offers walking access to downtown, West Main Street, Belmont and IX. Competitive salary is commensurate with experience.

## **About Wolf Josey Landscape Architects:**

Wolf Josey is located in downtown Charlottesville, Virginia, and was founded by Mary Wolf and Paul Josey. We are a woman owned business with a deep appreciation for the mid-Atlantic and Southern landscapes. With the belief that all landscapes are important contributors to a community and the environment, we bring our values of design and ecological responsibility to every project regardless of scale.

## **What do we need for application:**

Submit the following in PDF format not exceeding 10mb in file size via email:

- Cover letter
- Resume
- Portfolio (or 3-4 representative project pages with project role defined).

Email with subject line "Project Designer or Staff Designer | *First & Last Name*" to [info@wolfjosey.com](mailto:info@wolfjosey.com)
