

Landscape Designer - Landscape Architect - Project Manager
Gustafson Guthrie Nichol | Seattle and Washington, DC

+++++

We're hiring in Seattle and Washington, DC

GGN is busy working on many exciting projects, and we are seeking people with a passion for design, problem solving, and discovery to join us.

We are looking for design professionals with proven office experience who have managed a minimum of 3 projects and/or who have managed a minimum of 3 technical document sets. Please highlight any project management experience, and/or background in leading/strategizing technical document sets, and/or planting design, documentation, and installation experience. Candidates should demonstrate their skills and experiences in project leadership, as well as show their direct involvement in developing and coordinating document sets, technical detailing, and specification preparation.

We are looking for people who have the drive and the ability to contribute in a collaborative design environment, have strong communication skills, and demonstrate how they use drawing as a tool to problem solve. Experience with software such as AutoCAD, Revit (BIM), Rhino, and 3D modeling skills is required. Foreign language skills are not required, but fluency in Japanese, Korean, and other languages is of interest, so please highlight if relevant.

We want to know how your personal and professional experience has shaped your perspective and how you can contribute to our team. Please email application materials to the attention of Grant Stewart at Jobs@ggnltd.com. Include a letter of interest, resume, references, and portfolio/work samples in PDF format (7MB maximum). In your cover letter, please state any preference for a Seattle or Washington, DC workplace.
